

Open my mind, let me find new vibrations, Tell me the way I must take
to reach my destination And a place where I can stay Where is the love
of my life I can't find her Show me the way to find back to myself, cause
I've lost my mind, let me find new vibrations, Tell me the way I must take
to reach my destination And a place where I can stay Where is the love
of my life I can't find her Show me the way to find back to myself
Taste I'm nowhere in the **darkness of these days** is there anybody
there who feels that vision **Who shows me the way to my love** is
there anybody there **with that inclination To bring back the sun to my**
heart I find myself in a state of **confusion Life's like a pantomime** trick
or a laser illusion Where's a place that I can stay Love me, don't let me
go take a little ocean breeze your help everyday to control my emotions
in the **darkness of these days** is there anybody there who feels that vision
Who shows me the way to my love is there anybody there with that
inclination To bring back the sun to my heart.

Oh my baby hold me, there's only you and me
Oh I can not wait forever, oh I can not wait forever
Tell me there's a heaven, and there is a destiny
Oh I can not wait forever, oh I can not wait forever
I will tell you baby, oh my love is real
Can't you feel my baby what I feel

I will follow you, oh every time and every minute
I will follow you, see my love is true
I will follow you, every time and every minute
All I wanna do is making love to you
There's no me without you, why my angel breaks my heart
Oh I can not wait forever, oh I can not wait forever
Please send me a rainbow and wish for a brand new start
Oh I can not wait forever, oh I can not wait forever
And beyond my tears, girl I will see you
Baby I can't wait a little while
I will follow you, oh every time and every minute
I will follow you, see my love is true
I will follow you, every time and every minute
All I wanna do is making love to you
I will love you
I will follow you, oh every time and every minute
I will follow you, see my love is true
I will follow you, every time and every minute
All I wanna do, you might see my love is true
My love is true, oh so true
I'll follow you

And beyond my tears, girl I will see you
Baby I can't wait a little while
I will follow you, oh every time and every minute
I will follow you, see my love is true
I will follow you, every time and every minute
All I wanna do is making love to you
I will love you
I will follow you, oh every time and every minute
I will follow you, see my love is true
I will follow you, every time and every minute
All I wanna do, you might see my love is true
My love is true, oh so true
I'll follow you
